Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency. Detail on appropriate performance levels for each furnishing unit of competency in reading, writing, oral communication and numeracy utilising the Australian Core Skills Framework (ACSF) are provided in the Furnishing Training Package Implementation Guide.

Range of Conditions

Specifies different work environments and conditions that may affect performance. Essential operating conditions that may be present (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) are included. Range is restricted to essential operating conditions and any other variables essential to the work environment.

Unit context includes:	• WHS requirements, including legislation, building codes, material safety management systems, hazardous and dangerous goods codes, and local safe operating procedures or equivalent • work is carried out in accordance with legislative obligations, environmental legislation, relevant health regulations, manual handling procedures and organisation insurance requirements • work involves reading and interpreting plans, developing templates, using hand and power tools, operating basic machinery, applying quality requirements, and applying product finishing techniques and materials, and is conducted under supervision and guidance
Basic upholstery products include:	• foot stool • headboard • seat top for chairs • padded blanket box • pin cushion top box • pin board
Tools and equipment include:	• measuring tapes or rulers • hammers • mallets • squares • hand saws • cordless drills/screwdrivers • fixing and joining devices • clamps • pincers • staple gun • foam cutters • scissors • regulator • glue gun
Materials to be used include:	• timber • metal • plastics • fabric • webbing • plastic edging • foam • calico • hessian • glues

Personal protective equipment includes:

- screws
- nails and staples
- that prescribed under legislation, regulations and enterprise policies and practices

Information and procedures include:

- workplace procedures relating to the use of tools and equipment
- work instructions, including job sheets, cutting lists, plans, drawings and designs
- workplace procedures relating to reporting and communication
- manufacturer specifications and operational procedures

Unit Mapping Information

Supersedes and is equivalent to LMFUP1001B Complete a basic upholstery project.
