Assessment Requirements for MSFUP2010 Machine sew basic upholstery final cover materials

Release: 1

Assessment Requirements for MSFUP2010 Machine sew basic upholstery final cover materials

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Performance Evidence

There must be evidence the candidate has completed all the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- join final cover materials for fitting to at least 2 items of upholstered furniture using a basic (flat bed, walking foot or overlocker) sewing machine
- sew piping for an item of upholstered furniture
- make seams on fabric, vinyl and canvas.
-

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- procedure for reporting damaged or imperfect products
- workflow requirements for sewing
- how to interpret job requirements from documentation, including:
 - materials
 - threads
 - shape and any special requirements for the item
 - any required workplace documentation to be completed
- how to set up and adjust a basic sewing machine, including:
 - threading machine and winding bobbin
 - setting required tensions
 - selecting required machine settings
 - lubricating and adjusting the machine
 - testing operations for work order requirements
- characteristics of materials used and finished products
- causes of faults and repair methods
- how to identify equipment, processes and procedures
- quality systems and standards
- work health and safety requirements, including personal protective equipment and manual handling procedures.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - workplace procedures, manufacturing specifications, codes, standards, manuals, and reference materials
 - appropriate sewing machines, work orders, operating procedures, materials and threads required for performance evidence’.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
