MSFUP3016 Fit and apply final cover materials to furniture using basic techniques

Release: 1

MSFUP3016 Fit and apply final cover materials to furniture using basic techniques

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Application

This unit describes the skills and knowledge required to fit and apply plain and patterned materials as the final covering to upholstered furniture using basic techniques.

Upholstery workers with this competency work in accordance with established procedures, using discretion, judgement and problem-solving to identify and resolve potential issues. They recognise dependencies and use cooperative approaches to optimise workflow and productivity.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

Competency Field

Upholstery

Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for task	1.1 Determine task requirements including design, fabrics, accessories and finish from work documentation or spoken instructions 1.2 Identify and follow work health and safety requirements 1.3 Determine materials, work method and sequence to meet task requirements 1.4 Select and prepare suitable work area and clear it of contaminants 1.5 Select equipment and tools to meet task requirements and check they are operating safely 1.6 Check that furniture frames and foundations are free of contaminants and in suitable condition for attaching final covers, and perform required modifications or repairs in accordance with workplace procedures 1.7 Check that material panels conform with specifications provided in

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
	work documentation or spoken instructions 1.8 Select trims and check that they meet task requirements
2. Fit and apply fabric	2.1 Lay out work pieces in sequence in accordance with task requirements and workplace procedures 2.2 Attach materials to furniture in accordance with workplace procedures and industry standards 2.3 Secure materials to foundation using appropriate fixing processes 2.4 Check finish of applied material against task and workplace quality standards
3. Fit and apply fabric and trim	3.1 Apply trims in accordance with task requirements and workplace procedures 3.2 Check that trims meet task quality requirements in accordance with workplace procedures 3.3 Reprocess or make final adjustments to ensure finish meets task and workplace quality requirements
4. Complete task	4.1 Package, protect and store finished product in accordance with workplace procedures 4.2 Check, clean and store equipment and any unused materials in accordance with workplace procedures 4.3 Tag unserviceable equipment, identify faults and inform appropriate personnel in accordance with workplace procedures 4.4 Clean work area, safely dispose of waste and identify items for recycling in accordance with workplace procedures and environmental standards 4.5 Complete required workplace records

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

- Reading skills to interpret familiar workplace procedures and work documentation
- Writing skills to communicate information in familiar workplace documents

- Numeracy skills to measure and calculate area and estimate material requirements.

Other foundation skills essential to performance are explicit in the performance criteria of this unit.

Unit Mapping Information

Release 1. Supersedes and is equivalent to MSFUP3002 Fit and apply final cover materials to furniture using basic techniques.

Assessment Requirements for MSFUP3016 Fit and apply final cover materials to furniture using basic techniques

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- fit and apply a patterned fabric cover to a minimum of 2 items of furniture and 2 sets of cushions
- fit and apply covers in plain material to a minimum of 2 items of furniture, including a unit construction piece with seat, back and two arms.
-

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- work requirements, including workplace quality standards, for fitting and applying final covers
- workflows for applying final material covers to furniture
- common faults and inspection procedures for materials used for final covers, including:
 - plain and patterned fabrics
 - vinyl
 - velvet
- the function of items used in applying final covers to furniture, including at least 5 of the following:
 - piping
 - double piping
 - cords
 - gimp
 - glues
 - staples
 - buttons
 - tacks
 - tangles and antique nails
- quality requirements for applying final cover materials, including ensuring that:

- patterns, naps/pile, sheens, direction of pattern, pattern repeat, and finished side of the materials are positioned appropriately
- the finish of the material over the furniture foundation is smooth and consistent
- weaving lines are straight and square to each other
- tools commonly used when applying final cover materials to furniture
- work health and safety requirements, including personal protective equipment and manual handling procedures.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources required for performance evidence, including:
 - work orders
 - cover materials, trims, furniture frames and foundations, fixing materials and tools
 - workplace procedures, manufacturing specifications, codes, standards, manuals, and reference materials.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
