Assessment Requirements for MSFUP3022 Apply finishing techniques to upholstered furniture

Release: 1

Assessment Requirements for MSFUP3022 Apply finishing techniques to upholstered furniture

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Performance Evidence

There must be evidence the candidate has completed all the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- hand sew at least 2 items of upholstered furniture using 2 different sewing methods, collectively including cushion-mouth or outside-back sewing techniques
- sew using each of these concealed finishing techniques:
 - straight-edge
 - shark's-teeth
- apply 3 of the following to upholstered furniture:
 - scroll gimp/braid
 - close studding
 - open studding
 - continuous studding
 - double piping
 - single piping as a finish in a groove
 - band and stud finish
 - flange cord
 - cord and ruching.
 -

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- fabric types, common faults and inspection procedures
- materials typically used to finish upholstered furniture, including:
 - fabrics
 - leather
 - upholstery nails
 - gimping
 - metal trim
 - piping and vinyl

- finishing methods used for different fabric types
- the function of tools and equipment typically used to finish upholstered furniture, including:
 - needles and threads
 - tack hammers
 - hammers
 - hot melt glue gun
- work health and safety requirements, including personal protective equipment (PPE) and manual handling procedures.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - work orders
 - sewing equipment, hardware and fabrics required for performance evidence
 - PPE
 - workplace procedures, manufacturing specifications, codes, standards, manuals, and reference materials.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
