Assessment Requirements for MSL913004 Plan and conduct laboratory/field work

Release: 1

Assessment Requirements for MSL913004 Plan and conduct laboratory/field work

Modification History

Release	Comments
Release 1	This version was released in <i>MSL Laboratory Operations Training Package Release 2.0</i>. Supersedes and equivalent to MSL913002 Plan and conduct laboratory/field work. Range of conditions removed. Assessment requirements amended. Equivalent outcome.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- effectively planned, prioritised and completed 2 laboratory/field work tasks on 2 separate occasions, including:
 - working independently
 - working in a team context.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- workplace procedures/guidelines for work
- ethical and professional work performance
- problem-solving strategies
- effective interpersonal communication and conflict resolution techniques
- effective team operations for groups
- strategies to maintain work flow
- awareness of environmental sustainability issues as they relate to the work task
- legal, ethical and work health and safety (WHS) requirements specific to the work task.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:

- workplace procedures
- equipment and materials for relevant technical tasks.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
