Assessment Requirements for MSMRV200 Complete basic recreational vehicle manual assembly tasks

Release: 1

Assessment Requirements for MSMRV200 Complete basic recreational vehicle manual assembly tasks

Modification History

Release 1. Newly created unit.

Performance Evidence

There must be evidence that the candidate has completed the tasks set out in the elements and performance criteria and has demonstrated the ability to complete at least three basic manual assembly tasks required to manufacture, service or repair recreational vehicles.

Knowledge Evidence

There must be evidence the candidate knows:

- which hand and power tools to use for basic manual assembly techniques
- workplace policies and procedures relevant to their job role and responsibilities including for:
 - completing basic recreational vehicle manual assembly tasks
 - communication and reporting
 - environmental protection and sustainability, including adhesives, dust, noise and waste
 - quality assurance
 - work health and safety, including personal protective equipment
 - work planning
 - hazards that might arise in the work environment and their controls.
 -

Assessment Conditions

Skills must have been demonstrated in the workplace or a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources required to use basic manual assembly techniques including:
 - components for a recreational vehicle
 - hand and power tools and safety equipment
 - job instructions and workplace procedures.

Assessors of this unit must satisfy the NVR/AQTF mandatory competency requirements for assessors
