Assessment Requirements for MSMRV374 Assemble and install recreational vehicle slide-outs

Release: 1

Assessment Requirements for MSMRV374 Assemble and install recreational vehicle slide-outs

Modification History

Release 1. Supersedes and is equivalent to MSMRV315 Construct and fit slide out in a recreational vehicle. Changes to application, elements, performance criteria and assessment requirements. Range of conditions removed. Workplace outcome has changed.

Performance Evidence

There must be evidence that the candidate has completed the tasks set out in the elements and performance criteria and has demonstrated the ability to assemble and install a slide-out in a recreational vehicle on at least three occasions.

Knowledge Evidence

There must be evidence the candidate knows:

- requirements relevant to the performance criteria of:
 - *AS/NZS 5601.2 Gas installations LP Gas installations in caravans and boats for non-propulsive purposes*
 - *AS/NZS 3001 Electrical installations - Transportable structures and vehicles including their site supplies*
 - the *Road Vehicle Standards Act 2018*
 - Australian design rules
- types of recreational vehicle slide-outs, slide-out subassemblies, fasteners and seals and manufacturer's installation and use instructions for them
- which hand and power tools and equipment to use when assembling and installing recreational vehicle slide-outs
- workplace policies and procedures relevant to their job role and responsibilities including for:
 - assembling and installing recreational vehicle slide-outs
 - communication and reporting
 - environmental protection and sustainability, including adhesives, dust, noise and waste
 - quality assurance
 - work health and safety, including personal protective equipment
 - work planning
- hazards that might arise in the work environment and their controls
- the most common issues that can arise when assembling and installing recreational vehicle slide-outs and how to avoid and respond to them
- how to identify if a recreational vehicle slide-out is installed correctly.

Assessment Conditions

Skills must have been demonstrated in the workplace or a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources required to assemble and install recreational vehicle slide-outs including:
 - recreational vehicle chassis manufactured to the point of the installation of a slide-out unit
 - materials and items required for the tasks
 - hand and power tools and safety and other equipment
 - job and assembly instructions and workplace procedures.

Assessors of this unit must satisfy the NVR/AQTF mandatory competency requirements for assessors.
