Assessment Requirements for MSMRV378 Complete recreational vehicle internal fit-outs

Release: 1

Assessment Requirements for MSMRV378 Complete recreational vehicle internal fit-outs

Modification History

Release 1. Supersedes and is equivalent to MSMRV323 Fit required internal items to a recreational vehicle. Changes to application, elements, performance criteria and assessment requirements. Range of conditions removed.

Performance Evidence

There must be evidence that the candidate has completed the tasks set out in the elements and performance criteria and has demonstrated the ability to complete the internal fit-out of a recreational vehicle on at least three occasions.

Knowledge Evidence

There must be evidence the candidate knows:

- requirements relevant to the performance criteria of:
 - *AS/NZS 5601.2 Gas installations LP Gas installations in caravans and boats for non-propulsive purposes*
 - *AS/NZS 3001 Electrical installations - Transportable structures and vehicles including their site supplies*
 - the *Road Vehicle Standards Act 2018*
 - Australian design rules
- types of recreational vehicle fit-out items, brackets and fasteners and manufacturer's installation and use instructions for them
- which safety, lifting, fastening and other hand and power tools and equipment to use when completing the internal fit-out of recreational vehicles
- workplace policies and procedures relevant to their job role and responsibilities including for:
 - completing the internal fit-out of recreational vehicles
 - communication and reporting
 - environmental protection and sustainability, including adhesives, dust, noise and waste
 - quality assurance
 - work health and safety, including personal protective equipment
 - work planning
- hazards that might arise in the work environment and their controls
- the most common issues that can arise when completing recreational vehicle internal fit-outs and how to avoid and respond to them
- how to identify if recreational vehicle fit-out items have been installed and are functioning correctly.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources required to complete the internal fit-out of recreational vehicles including:
 - recreational vehicles manufactured to the point of requiring the completion of internal fit-outs
 - materials and items required for the tasks
 - safety, lifting, fastening and other hand and power tools and equipment
 - job instructions and workplace procedures.

Assessors of this unit must satisfy the NVR/AQTF mandatory competency requirements for assessors.
