Assessment Requirements for MSMRV385 Conduct routine, non-mechanical services of recreational vehicles

Release: 1

Assessment Requirements for MSMRV385 Conduct routine, non-mechanical services of recreational vehicles

Modification History

Release 1. Supersedes and is not equivalent to MSMRV360 Service camper wind-up systems. Changes to application, elements, performance criteria and assessment requirements. Range of conditions removed. Workplace outcome has changed.

Performance Evidence

There must be evidence that the candidate has completed the tasks set out in the elements and performance criteria and has demonstrated the ability to service at least three different types of recreational vehicle.

On at least one occasion, the initial assessment must identify the need for out-of-scope repairs.

Knowledge Evidence

There must be evidence the candidate knows:

- requirements relevant to the performance criteria of:
 - *AS/NZS 5601.2 Gas installations LP Gas installations in caravans and boats for non-propulsive purposes*
 - *AS/NZS 3001 Electrical installations - Transportable structures and vehicles including their site supplies*
 - the *Road Vehicle Standards Act 2018*
 - Australian design rules
- manufacturer's service instructions for common types of recreational vehicles
- which hand and power tools and equipment to use when servicing recreational vehicles
- workplace policies and procedures relevant to their job role and responsibilities including for:
 - servicing recreational vehicles
 - communication and reporting
 - environmental protection and sustainability, including adhesives, dust, noise and waste
 - quality assurance
 - work health and safety, including personal protective equipment
 - work planning
- hazards that might arise in the work environment and their controls
- the most common issues that can arise when conducting routine, non-mechanical services of recreational vehicles and how to avoid and respond to them
- how to identify if recreational vehicles have been serviced correctly.

Assessment Conditions

Skills must have been demonstrated in the workplace or a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources required to service recreational vehicles including:
 - recreational vehicles that have been used since their last service and are now due for a service
 - materials and items required for the tasks
 - hand and power tools and lifting, safety and other equipment
 - job instructions including service checklists and workplace procedures.

Assessors of this unit must satisfy the NVR/AQTF mandatory competency requirements for assessors.
