Assessment Requirements for MSS015028

Conduct a sustainable water use audit

Release: 1

Assessment Requirements for MSS015028 Conduct a sustainable water use audit

Modification History

Release 1. Updated unit code. Changes to performance criteria. Range of conditions removed. Assessment requirements amended. Equivalent outcome.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- conducted a water use audit and prepared audit report for at least 1 organisation, or part or all of a value chain.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- water sources
- typical water usage on a site
- specific water usages within production or operational processes undertaken by the organisation
- water quality categorisation
- 'grades' of water and characteristics and typical applications for water of different qualities
- strategies and methodologies for determining water quality
- strategies and sources of advice for determining impact of changes to water usage or quality with products or processes.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions, contingencies, facilities, equipment and resources.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
