MSS402022 Apply quick changeover procedures

Modification History

Release 1. Unit code changed. Application changed. Performance Criteria changed. Foundation Skills populated. Range of Conditions removed. Assessment Requirements changed. Supersedes and is equivalent to MSS402020 Apply quick changeover procedures.

Application

This unit describes the skills and knowledge required to prepare for and apply quick changeover according to procedures.

This unit applies to individuals who are required to apply quick changeover of equipment, processes, batches, product or service type or other aspects of the work.

This unit applies to any organisation that is implementing quick changeover, typically within competitive systems and practices.

This unit may not be applicable to a totally continuous operation producing only one product, or simultaneous range of products. The unit is also not applicable to a maintenance/pressure vessel inspection shutdown as experienced by continuous process manufacturers.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.
