Assessment Requirements for MSS402055

Apply quality standards

Release: 1

Assessment Requirements for MSS402055 Apply quality standards

Modification History

Release 1. Unit code changed. Application changed. Elements changed. Performance Criteria changed. Foundation Skills populated. Range of Conditions removed. Assessment Requirements changed. Supersedes and is equivalent to MSS402051 Apply quality standards.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- monitor quality, identify and take corrective action on at least one non-conformance in each of:
 - own work
 - inputs to own work
- review at least one fault and suggest action/s to prevent recurrence.
-

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- quality standards, specifications, policies and procedures for own work and inputs
- quality parameters, measurement methods and checking procedures
- reporting procedures
- procedures and level of responsibility for corrective actions
- verbal instructions or documented procedures for investigating faults.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources
- modelling of industry operating conditions.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
