**Release: 1**

# Assessment Requirements for MSS405009 Manage a value stream

## Modification History

Release 1. Unit code changed. Application changed. Performance criteria changed. Range of conditions removed. Foundation skills information added. Assessment requirements changed. Supersedes and is equivalent to MSS405003 Manage a value stream.

## Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- managed at least 1 value stream for an organisation.

## Knowledge Evidence

There must be evidence the candidate has knowledge of:

- customer perception of value added and muda (waste)
- the process(es) covered by the value stream
- performance indicators for each value stream step
- value stream analysis and mapping
- methods of reducing muda and increasing perceived value added
- upstream and downstream components of the value stream that are beyond the individual's scope of authority to manage.

## Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions, contingencies, facilities, equipment and resources.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
