# **Assessment Requirements for MSS405029 Develop quick changeover procedures**

**Release: 1**

# Assessment Requirements for MSS405029 Develop quick changeover procedures

## Modification History

Release 1. Unit code changed. Application changed. Performance Criteria changed. Foundation Skills populated. Range of Conditions removed. Assessment Requirements changed. Workplace outcome changed. Supersedes and is not equivalent to MSS405020 Develop quick changeover procedures.

## Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- develop (improve) and implement quick changeover procedures for at least one of the following:
  - equipment exchange or exchange of dies/tools
  - change between batches or campaigns
  - quantum equipment/process change for a different product.

## Knowledge Evidence

There must be evidence the candidate has knowledge of:

- principles of quick changeover
- purposes and requirements of changeover
- equipment and operating environment of activities subject to quick changeover
- regulatory and commercial obligations and risk environment for operations subject to quick changeover analysis
- procedures relating to quick changeover, including:
  - safe movement
  - work health and safety (WHS) principles
  - trialling procedures
- hazards, risks and risk management relating to the quick changeover
- underpinning values relevant to competitive systems and practices and their application to technical role and/or implementation projects including:
  - respect for people
  - respect for process
  - go and see and/or go to the source decision making
  - rapid cycle or iterative development
  - empirical development
- techniques to facilitate communications and agreement across levels and areas of the organisation.

- 

## Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources
- modelling of industry operating conditions.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
