Assessment Requirements for MSS407029 Improve visual management in the workplace

Release: 1

Assessment Requirements for MSS407029 Improve visual management in the workplace

Modification History

Release 1. Unit code changed. Application changed. Performance Criteria changed. Foundation Skills populated. Range of Conditions removed. Assessment Requirements changed. Workplace outcome changed. Supersedes and is not equivalent to MSS407010 Improve visual management in the workplace.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- review current visual management activities and identify and implement improvements for at least one organisation or section of an organisation.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- organisational goals, strategies, operations and processes
- purpose of visual management
- alignment of visual management strategies and techniques to continuous improvement strategies and processes and/or competitive systems and practices tools being applied by the organisation
- communication techniques to support a learning culture
- communication methods and media for a range of audiences
- problem recognition and resolution methods.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources
- modelling of industry operating conditions.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
