Modification History

Release 1. Qualification code changed. Qualification description changed. Entry requirements changed. Packaging rules changed. Elective banks changed. Unit codes and names updated. Supersedes and is equivalent to MSS80316 Graduate Certificate in Competitive Systems and Practices.

Qualification Description

This qualification applies to managers, leaders, technical experts or others who exercise strategic, leadership and/or change management roles across an organisation implementing competitive systems and practices.

This qualification provides targeted, specialised skills and knowledge in competitive systems and practices with an emphasis on leadership, alignment of organisational strategy and values with competitive systems and practices, developing organisational culture and systems and value chain liaison.

‘Competitive Systems and Practices’ is not an approach or system in its own right. It is a broad collective term intended to encompass the flexible application of various tools, techniques, systems and approaches that have synergies around continuous improvement, efficiency, business improvement or similar goals. Examples include Lean, Agile, Kaizen and Six Sigma.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

Entrants to the MSS80322 Graduate Certificate in Competitive Systems and Practices are required to have one or more of the following:

- Certificate IV or higher qualification in competitive systems and practices, management, technical or related discipline
- experience in competitive systems and practices at the supervisor, manager or technical specialist level or above
- experience in leadership and management.
