Assessment Requirements for MSTAT2006

Assemble simple textile products

Release: 1

Assessment Requirements for MSTAT2006 Assemble simple textile products

Modification History

Release 1. Unit code, Title and Application changed. Design aspects removed. Title changed to reflect broader scope of content. Elements and Performance Criteria simplified with Element 1 and 2 combined. Foundation Skills field populated. Range of Conditions removed with relevant information moved to Knowledge Evidence. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is not equivalent to MSTCL1001 Produce a simple garment. Supersedes and is not equivalent to MSTFD2001 Design and produce a simple garment.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- safely use basic assembly and finishing techniques to produce at least 2 simple textile products to required quality standards.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- safe work practices and procedures when using sewing machines
- sequence of operations for product assembly
- types of assembly and finishing techniques
- how to interpret simple design information, pattern instructions and pattern markings
- sizing requirements
- basic characteristics of fabrics used in apparel and textile production
- types of quality checks for assembled products and how to respond to basic faults.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - design and pattern information
 - fabrics and threads
 - tools and equipment for assembly
 - procedures for work health and safety.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
