**Assessment Requirements for MSTAT2007
Use specialised machinery to support
apparel and textile production**

Release: 1

Assessment Requirements for MSTAT2007 Use specialised machinery to support apparel and textile production

Modification History

Release 1. Unit code, Title and Application changed. Title changed to reflect new nomenclature. Elements and Performance Criteria simplified with Element 1 and 2 combined. Foundation Skills field populated. Range of Conditions removed with relevant information moved to Knowledge Evidence. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is equivalent to MSTCL2005 Use specialised machinery or processes to assist TCF production.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- safely operate at least one of the following types of machines on at least two occasions, completing work to specifications and workplace quality standards:
 - buttonholing machine
 - fusing machine
 - gluing machine
 - moulding machine
 - pocket setting
 - stud machine
 - ticket or label printer.
 -

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- basic characteristics of the types of machines that support basic assembly, production and finishing tasks in apparel and textile production
- for one of the machines nominated in the Performance Evidence:
 - operating features
 - safety and hazard control, including use of personal protective equipment (PPE) and manual handling
 - how the characteristics of textiles, fabrics, threads and other materials affect the machining process
 - routine problems that may occur and how to respond
 - ways to minimise waste
- workplace procedures for reporting of information.

-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - work instructions
 - items for processing
 - machinery for apparel or textile production (at least one as nominated in the Performance Evidence)
 - workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
