# **Assessment Requirements for MSTAT2008 Finish textile products**

**Release: 1**

# Assessment Requirements for MSTAT2008 Finish textile products

## Modification History

Release 1. Unit code, Title and Application changed. Title changed to reflect broader scope of content. Elements and Performance Criteria simplified with Element 1 and 2 combined. Foundation Skills field populated. Range of Conditions removed with relevant information moved to Knowledge Evidence. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is not equivalent to MSTCL2008 Finish garment production.

## Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- complete each of the following to specifications and workplace standards on at least two occasions:
  - attaching components to a textile product
  - checking and confirming products against specifications.
  -

## Knowledge Evidence

There must be evidence the candidate has knowledge of:

- types of article finishing tasks and the procedures for completing them:
  - attaching components to an article:
    - buttons
    - fasteners
    - loops
    - tags
    - trims
    - labels
  - quality checking:
    - checking sizing
    - trimming loose threads
    - identifying missing components
  - securing lining
  - sewing and cutting buttonholes
  - bundling and sorting tasks
- how the basic characteristics of fabrics may impact different finishing tasks
- routine problems with basic finishing tasks and how to respond
- ways of minimising waste

- types of information included in production documentation.
- 

## Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
  - work specifications
  - articles for finishing
  - finishing equipment
  - workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
