Assessment Requirements for MSTAT2011
Use printing techniques to produce
Indigenous textile designs

Release: 1

Assessment Requirements for MSTAT2011 Use printing techniques to produce Indigenous textile designs

Modification History

Release 1. Unit code, Title and Application changed. Title changed for clarity. Prerequisite unit removed. Elements and Performance Criteria simplified with Element 1 and 2 combined. Foundation Skills field populated. Range of Conditions removed with relevant information moved to Knowledge Evidence. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is not equivalent to MSTFD2002 Apply printing techniques to produce Indigenous textile designs.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- follow protocols for developing culturally-specific designs and safely use all tools and equipment to print a single or two-colour design on at least three fabric samples.
-

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- safe work practices and procedures for fabric printing, including use of personal protective equipment (PPE)
- cultural protocols for using images, designs and printing techniques
- examples of works by Aboriginal and Torres Strait Islander artists and textile designers, including their basic design features
- printing processes and practices used by the identified community
- basic features of different printing techniques:
 - stencil
 - lino cut
 - block
 - stamp
 - silk screen
- elements and principles of design for printed fabrics
- effects of printing on fabrics
- printing tools and equipment:
 - screens and carousel
 - blocks
 - lino

- brushes
- knives
- bucket, sink or container
- mixers
- dyes and inks
- printing techniques to achieve design effects in textile works
- basic characteristics of fabrics
- different types of information resources on fibres and fabrics.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - work instructions
 - fabric for printing
 - fabric printing tools, equipment and materials.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
