Assessment Requirements for MSTAT3006

Assemble bras or swimwear

Release: 1

Assessment Requirements for MSTAT3006 Assemble bras or swimwear

Modification History

Release 1. Unit code, Title and Application changed. Minor Title change only for consistency. Prerequisite units removed. Elements and Performance Criteria simplified with Element 1 and 2 combined. Foundation Skills field populated. Range of Conditions removed with relevant information moved to Knowledge Evidence. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is not equivalent to MSTCL3006 Assemble bra or swimwear.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- assemble at least two bras or items of swimwear to specifications and workplace quality standards with work to include:
 - use of two different machines, one of which must be a sewing machine
 - use of two different fabrics
 - assembly of at least three of the following components in any combination:
 - elastic
 - fasteners and hooks
 - foam padding
 - ribbon
 - rings
 - straps, including oil-filled straps
 - underwire.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- key aspects of bra and swimwear assembly:
 - sequence and type of operations and factors that affect speed and productivity, including:
 - gluing
 - fusing
 - sewing
 - types, characteristics and uses of different machines and associated safety considerations

- types of components and how they are assembled into complete garment
- characteristics and performance properties of fabrics, threads and other materials used, including fine lace, one-way and two-way stretch fabrics
- quality indicators and acceptable tolerances
- common assembly problems and how these are addressed
- types of information included in production documentation.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - production specifications
 - bra or swimwear components for sewing
 - sewing machine and threads plus at least one other type of machine
 - workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
