Assessment Requirements for MSTAT3009

Set and produce digital embroidery

Release: 1

Assessment Requirements for MSTAT3009 Set and produce digital embroidery

Modification History

Release 1. Unit code and Application changed. Elements and Performance Criteria simplified with Element 1 and 2 combined. Foundation Skills field populated. Range of Conditions removed with relevant information moved to Knowledge Evidence. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is equivalent to MSTCL3008 Set and produce digital embroidery.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- use machine, computer and program functions to produce at least six different embroidery examples to job specifications and workplace standards, with work to include at least:
 - two different stock designs
 - embroidery on two different fabrics
- complete routine machinery maintenance on at least one occasion.
-

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- scope of equipment and materials required for digital embroidery
- digital embroidery machines:
 - program features - file formats, image catalogues, program tools
 - operating procedures and safety considerations
 - editing tools and procedures
- types of embroidery specifications and quality indicators
- basic characteristics of fabrics suitable for digital embroidery
- backing requirements for different fabrics and article types
- fabric and positioning factors that affect selection of motif or lettering
- stock lettering and motif designs and monograms
- variations in machine and material requirements for different types of work:
 - thread type
 - needle type
 - stitch settings
 - spool requirements
- workplace procedures for recording and reporting of information.

-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - work documentation
 - digital embroidery machinery and consumables
 - articles to embroidered
 - workplace procedures and manufacturer instructions.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
