Assessment Requirements for MSTAT4015

Determine and perform advanced garment repairs and alterations

Release: 1

Assessment Requirements for MSTAT4015 Determine and perform advanced garment repairs and alterations

Modification History

Release 1. Unit Code, Title and Application changed. Title changed to differentiate from simple repairs and alterations unit (MSTAT3010) and to remove focus on laundry and dry cleaning which is covered in separate units. Elements and Performance Criteria simplified with Element 1 removed. Foundation Skills field populated. Range of Conditions removed. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is not equivalent to MSTCL4004 Determine and perform garment maintenance or repair.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- assess and repair or alter at least 10 garments, with work to include garments of five different fabric types and to include at least five of the following repair or alteration tasks:
 - invisible mending
 - repairing delicate fabrics
 - altering garment to suit individual body shape
 - altering a structured or tailored garment
 - adding new pieces or finishes to a garment
 - repair to embellishment by hand or machine
 - zipper repair or replacement.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- role of repairs and alterations in a circular textiles, clothing and footwear economy
- characteristics of fibres and fabrics in terms of their suitability for repair and alteration, including delicate fabrics
- types of complex garment repairs
- typical additions to garments
- garment repair and alteration techniques, including:
 - sewing techniques for repair of delicate fabrics
 - process for altering items to suit individual body shape
 - how to alter structured or tailored items
- steaming and pressing techniques for finishing garments.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - garments to be repaired and altered
 - tools and equipment for garment repair and alterations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
