Assessment Requirements for MSTAT5003 Produce garment illustrations

Release: 1

Assessment Requirements for MSTAT5003 Produce garment illustrations

Modification History

Release 1. Unit code and Application changed. Elements and Performance Criteria simplified with Element 1 removed. Foundation Skills field populated. Range of Conditions removed with relevant information moved to Performance or Knowledge Evidence. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is equivalent to MSTFD5011 Produce fashion illustrations to assist product visualisation.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- research illustrations using at least three different references
- produce at least three manual or digital illustrations of garments on the human form that show appropriate proportion, scale and stylisation; and across the three illustrations, use two different media and depict:
 - at least one full body drawing
 - three different garments
 - two different fabrics and/or textures
 - three different silhouettes and/or poses.
-

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- types of reference sources for illustrations
- illustration tools and equipment, both manual and digital
- different types of illustration techniques, including:
 - flat paint application
 - wash (paint application)
 - digital illustration
 - pastels
 - ink
 - marker
 - the relationship between fabric type and illustration techniques used.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - reference on which illustration is based
 - illustration tools and equipment (manual or digital).

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
