MSTCL4002 Assemble and fit commercially tailored or bespoke garments

Release: 1

MSTCL4002 Assemble and fit commercially tailored or bespoke garments

Modification History

Release 1. Supersedes and is equivalent to LMTCL4002A Assemble and fit commercially tailored or bespoke garments

Application

This unit of competency covers the skills and knowledge required to assemble and fit commercially tailored or bespoke garments.

The unit applies to work that requires discretion and judgement, for both self and others, in planning and selecting processes, procedures and outcomes in response to a tailored or bespoke garment brief. It includes pinning and sewing of fabric pieces, initial assembly, sewing whole garment, fitting and modifying the garment as required to meet customer requirements. It also involves hand sewing, completing trims and undertaking alterations as required to confirm correct sizing, look and wearer comfort.

Degree of complexity may vary depending on the characteristics of the fabrics being used and intricacy of design.

Work may be conducted in small to large scale enterprises and may involve individual and team activities.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
