Assessment Requirements for MSTGN2024

Perform minor maintenance

Release: 1

Assessment Requirements for MSTGN2024 Perform minor maintenance

Modification History

Release 1. Unit code and Application changed. Elements and Performance Criteria simplified and updated with Element 1 removed. Foundation Skills field populated. Range of Conditions removed. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is equivalent to MSTGN2005 Perform minor maintenance.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- follow procedures for the starting, monitoring and stopping of machines on at least two occasions
- complete and record routine cleaning and maintenance activities on two occasions
- identify and rectify two minor faults in machinery.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- operations of the machinery being used:
 - safe work practices and procedures and use of personal protective equipment (PPE)
 - process and output quality indicators
 - typical fault conditions and related fault-finding and rectifications procedures
 - basic machine maintenance techniques
 - how to use manufacturer instruction and technical specification manuals
- workplace recording and reporting practices.
-

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - production machinery and associated equipment
 - items for processing
 - workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
