MSTTX2004 Conduct packaging or folding for textile production

Release: 1

MSTTX2004 Conduct packaging or folding for textile production

Modification History

Release 1. Supersedes and is equivalent to LMTTX2013B Conduct packaging or folding for textile production

Application

This unit of competency covers the skills and knowledge required to conduct packaging or folding for textile production.

The unit of competency applies to the use of machines and processes to prepare textile products for warehousing or distribution. Machines may perform operations such as folding, ticketing, labelling and packaging.

The application of this competency is likely to involve repetitive work and requires a limited range of operations, such as loading and unloading machines, and placing tickets and labels on finished products.

Work may be conducted in small to large scale enterprises and may involve individual and team activities.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element.

1 Determine job requirements

- 1.1 Follow standard operating procedures (SOPs)
- 1.2 Comply with work health and safety (WHS) requirements at all times
- 1.3 Use appropriate personal protective equipment (PPE) in

		accordance with SOPs
	1.4	Identify job requirements from specifications, drawings, job sheets or work instructions
2	Prepare for packaging or folding	2.1 Check work against ticket information and workplace standards 2.2 Lay out work pieces or materials in sequence 2.3 Set up and prepare work area according to workplace procedures and set up machine or process 2.4 Perform routine minor maintenance according to manufacturer specifications and report and record problems 2.5 Report and record any problems
3	Complete packaging or folding tasks	3.1 Operate machine or conduct process to package or fold products 3.2 Assess work to check it complies with quality standards and production specifications 3.3 Identify, report and record any faults 3.4 Despatch completed products 3.5 Complete documentation, as required

Foundation Skills

This section describes those required skills (language, literacy and numeracy) that are essential to performance.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

This field allows for different work environments and conditions that may affect performance. Essential operating conditions that may be present (depending on the work situation, needs of

the candidate, accessibility of the item, and local industry and regional contexts) are included.

Workplace procedures include one or more of the following:

- requirements prescribed by legislation, awards, agreements and conditions of employment
- SOPs
- work instructions
- PPE
- oral, written and visual communication
- quality practices, including responsibility for maintenance of own work quality and contribution to quality improvement of team or section output
- housekeeping
- tasks related to environmental protection, waste disposal, pollution control and recycling
- WHS practices

Australian Standards include:

- the relevant industry or Australian Standards that are current at the time this unit is being undertaken

Machines include one or more of the following:

- labelling machine or printer
- packaging machine
- stud machine
- folding machine

Routine minor maintenance includes one or more of the following:

- cleaning work area
- minor adjustments to machine settings or components
- oiling or lubricating
