Qualification Description

This qualification allows for the attainment of skills and knowledge in police search and rescue (SAR) coordination while also specialising in either marine or land SAR duties.

The specialisations cover skills that allow police staff to employ specialised knowledge and skilled practice in SAR coordination within a land and/or marine environment.

Graduates with this qualification will be equipped with the skills and knowledge required to:

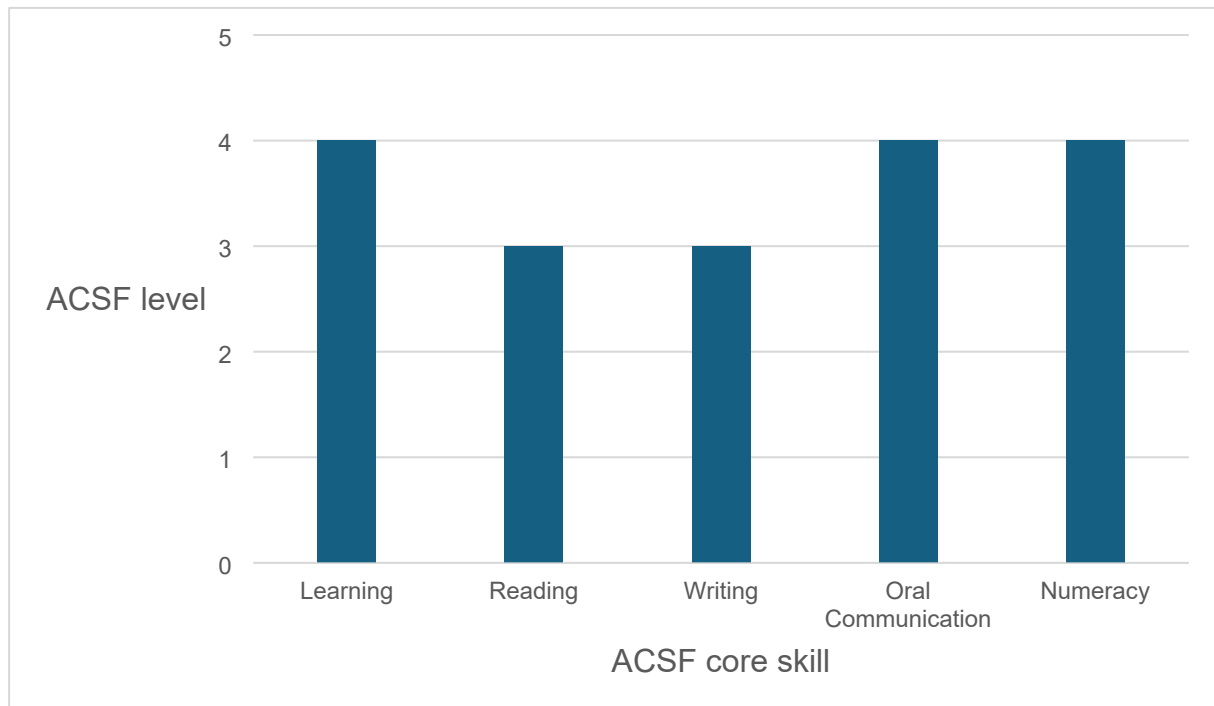

- assess, plan and coordinate SAR operations
- coordinate SAR teams in high-risk and dynamic environments
- apply specialised techniques in either marine and/or land-based SAR environments
- ensure compliance with legal, safety and procedural standards throughout SAR operations
- collaborate effectively with multi-agency teams and stakeholders
- inform and employ media strategies during a search and rescue operation.
