Qualification Description

The public safety industry operates through discrete sectors. Policing qualifications have been developed to set agreed minimum standards for police personnel that should be contextualised within the specifics of each police jurisdiction/agency/organisation's policies and procedures.

This qualification allows for the attainment of general skills in police intelligence practice. The qualification covers skills that allow police staff to employ specialised knowledge and skilled practice in information and intelligence management within a police intelligence environment.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.
