POL60626 Advanced Diploma of Police Search and Rescue Management

POL60626 Advanced Diploma of Police Search and Rescue Management

Modification History

Release	Comments
1	This qualification was first released in POL Police Training Package Release 11.0.

Qualification Description

This qualification allows for the attainment of skills and knowledge in police search and rescue (SAR) management. The qualification covers skills that allow police officers to employ broad knowledge and highly skilled practice in managing SAR operations within a land and/or marine environment.

Graduates with this qualification will be equipped with the skills and knowledge required to:

- lead and manage complex SAR operations
- manage multiple / complex SAR-related media requirements
- strategically manage resources
- conduct and evaluate SAR exercises
- undertake and oversee specialised SAR duties
- coordinate effectively with stakeholders
- conduct jurisdictional review of policing practices

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Foundation Skills Outcomes

The foundation skills outcomes in this qualification are outlined below.

Entry Requirements

This qualification has no entry requirements.

Packaging Rules

6 units of competency are required for this qualification.

- 5 core units
- 1 elective (specialisation) unit

The candidate is required to choose 1 elective (specialisation) unit from either Group A or Group B.

If a candidate satisfies the packaging rules for both specialisations, the qualification title on the testamur must be issued as:

Advanced Diploma of Search and Rescue Coordination (Land and Marine).
