Assessment Requirements for POLAUX019 Administer legislation in a policing environment

Modification History

Release 1. This is the first release of this unit of competency in the POL Police Training Package release 7.0.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- identifying sources of legislation which relate to policing powers
- applying legislation to situations to inform the use of police powers
- communicating with stakeholders as part of policing responses and judicial processes
- developing briefs of evidence that comply with judicial policies and procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- hierarchy of Australian court system in relation to police processes
- jurisdictional court policies and procedures
- Commonwealth, state or territory legislation that outlines powers and responsibilities applicable to policing
- offences and the elements that constitute such offences
- rules of evidence relating to policing / judicial requirements
- relevant case law and legal precedents, as determined by police jurisdictions
- organisational code of conduct
- relevant judicial documentation.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Assessment must occur in workplace operational situations. Where this is not appropriate, such as in situations that can affect safety or occur only rarely, assessment can occur in simulated workplace operational situations that reflect workplace conditions.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals.
