Assessment Requirements for POLAUX022 Facilitate public safety awareness activities

Release: 1

Assessment Requirements for POLAUX022 Facilitate public safety awareness activities

Modification History

Release 1. This is the first release of this unit of competency in the POL Police Training Package release 7.0.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- communicating in a group setting
- communicating with a wide variety of community members and stakeholders
- establishing networks
- writing reports
- planning and delivering public safety awareness activities.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- information reporting processes and procedures
- jurisdictional policies and procedures relating to reporting
- cultural protocols for interacting with community representatives, leaders and groups
- identification of leader/stakeholder representatives
- organisational policies and procedures related to provision of police advice and information
- communication and rapport building techniques
- relevant public safety awareness activities
- continuous improvement process.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Assessment must occur in workplace operational situations. Where this is not appropriate, such as in situations that can affect safety or occur only rarely, assessment can occur in simulated workplace operational situations that reflect workplace conditions.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals.
