Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- conducting patrols
- communicating with individuals and the community
- gathering information to identify required policing services
- identifying and reporting areas of focus for policing services
- responding to incidents based on situational requirements, available resources and risks
- minimising risks to self, response stakeholders and public
- applying incident scene and evidence preservation procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- patrol practices
- information gathering and communication techniques
- command and control/incident response
- legislation relating to offences against persons and property
- jurisdictional policies and procedures for operational response and safety
- reporting requirements in relation to operational activities
- jurisdictional policies and procedures for incident scene preservation and protecting evidence.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy

requirements of the work being performed and the needs of the candidate.

Assessment must occur in workplace operational situations. Where this is not appropriate, such as in situations that can affect safety or occur only rarely, assessment can occur in simulated workplace operational situations that reflect workplace conditions.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals.
