Assessment Requirements for POLCOV049

Provide intelligence support to policing responses

Release: 1

Assessment Requirements for POLCOV049 Provide intelligence support to policing responses

Modification History

Release 1. This is the first release of this unit of competency in the POL Police Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- analysing information for intelligence support responses
- collecting information to develop intelligence products and reviewing their effectiveness
- communicating and liaising with multiple stakeholders, including external agencies, to provide optimal intelligence support
- contributing to an intelligence briefing or presentation
- creating and documenting intelligence response support plans to meet needs
- deciding which intelligence support matches predefined context and stakeholder needs
- evaluating intelligence support responses for continuous improvement opportunities
- identifying key stakeholders requiring support from intelligence sources
- negotiating and documenting intelligence support timelines and reporting arrangements
- planning intelligence support responses
- recording findings and results in management systems
- reporting findings and results to personnel
- reviewing support to identify and accommodate changes in intelligence needs
- working collaboratively with other partner agencies, key personnel and stakeholders.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- analysis of stakeholder needs
- analytical, problem solving, planning, decision-making and information management methods
- design and development of intelligence products
- information collection, analysis and interpretation research methods
- information security protocols and classifications
- intelligence products
- jurisdictional communication policies, methods, tools and techniques
- jurisdictional information technologies and their application to intelligence situations

- jurisdictional response policies and procedures
- negotiation methods.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Assessment must occur in workplace operational situations. Where this is not appropriate, such as in situations that can affect safety or occur only rarely, assessment can occur in simulated workplace operational situations that reflect workplace conditions.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals.
