Manage intelligence briefings or presentations

Release:

Assessment Requirements for POLCOV088 Manage intelligence briefings or presentations

Modification History

Release 1. This is the first release of this unit in the POL Police Training Package release 9.0

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least one occasion and include:

- analysing collated information for key content messages, themes and findings
- collating information from multiple intelligence outputs and sources
- coordinating arrangements for delivery of intelligence briefings or presentations
- coordinating stakeholder engagement in intelligence briefings or presentations
- delivering intelligence briefings or presentations to selected stakeholders
- designing intelligence briefings or presentations for multiple stakeholders
- determining and implementing security compliance measures required of intelligence outputs
- employing information technology systems to enhance design of intelligence briefings or presentations
- identifying stakeholders requiring briefings or presentations
- obtaining participant evaluations of effectiveness of briefings or presentations
- organising key information into concise, logical, sequential and reasoned format
- presenting, questioning and answering to questions to convey, clarify and confirm understanding of information
- reviewing participant evaluations of intelligence briefings or presentations to determine their understanding and for continuous improvement opportunities

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- analytical, planning and information management techniques
- communication principles and concepts as applied to briefing or presentation contexts
- continuous improvement process
- evaluation methodology for gathering stakeholder views of briefing or presentation
- information collection, analysis and interpretation methods
- information security protocols, classifications and management procedures
- information technology systems as communication tools for effective briefings or presentations
- intelligence outputs and related processes and procedures

- jurisdictional communication policies, methods, tools and techniques
- preparation of reasoned, logical and sequential arguments to diverse audiences
- stakeholder identification concepts and techniques.

Assessment Conditions

Assessment must occur in operational workplace situations or, where this is not available, in simulated situations that replicate workplace conditions.

Assessors of this unit must satisfy relevant vocational education and training legislation, frameworks and/or standards.
