POLFOR003 Coordinate multi-discipline forensic investigation

Release: 1

POLFOR003 Coordinate multi-discipline forensic investigation

Modification History

Release	Comments
1	This unit was released in POL Police Training Package release 1.0 and meets the Standards for Training Packages. This unit supersedes and is equivalent to PUAPOL808 Coordinate multi-discipline forensic investigations. • Content and formatting updated to comply with new standards • Unit recoded POL • Title updated • PC 1.6, 2.1, 2.2, 2.4, 3.2 and 3.4 revised • Two new PC added in Element 2 • PC in Element 3 reordered

Application

This unit describes the skills required to coordinate complex forensic investigations involving forensic personnel from multiple disciplines. This will include planning for multi-discipline forensic investigations, coordinating resources and personnel, and reviewing the forensic investigations. These disciplines may include internal and external agencies, external analytical laboratories and national/international organisations.

This unit applies to specialist police staff as part of the forensic investigation of complex investigations which necessitate the involvement of multiple disciplines.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to, particularly those related to quality management, case management systems, forensic investigations and work health and safety (WHS).

Those undertaking this unit would be required to work autonomously and lead a team. They would demonstrate the ability to critically analyse the requirements of forensic investigations to plan and coordinate resources. They would demonstrate knowledge of sciences as they apply to crime scene investigation while performing sophisticated tasks across a broad range of unpredictable contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.

Competency Field

Forensics

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
Elements describe the essential outcomes	Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold italicised text is used, further information is detailed in the range of conditions section.
1. Plan a multi-discipline forensic scene investigation	1.1 Assess types of evidence and the nature of the scene/incident to determine need for a multi-discipline investigation. 1.2 Conduct a preliminary assessment to identify information necessary for the development of the forensic investigation plan. 1.3 Assess information to identify nature of situation, objectives, options for multi-discipline response, and prioritisation and sequencing of examinations. 1.4 Evaluate options for multi-discipline response to select and record a course of action. 1.5 Identify forensic disciplines required for the investigation to determine the scope of their involvement in the response. 1.6 Assess risks to the integrity of forensic investigation, and safety and welfare of personnel in order to develop mitigation.
2. Coordinate resources of a multi-discipline forensic scene investigation	2.1 Identify resource requirements from each discipline to facilitate multi-discipline response. 2.2 Negotiate with stakeholders to allocate resources and action plan taskings to areas and/or personnel. 2.3 Deploy resources to conduct action plan taskings. 2.4 Monitor resource usage to maximise use of resources and investigation outcomes. 2.5 Establish records to substantiate critical decisions and for reporting purposes. 2.6 Monitor forensic scene investigation to ensure welfare and safety of individuals. 2.7 Liaise with stakeholders for reporting and briefing purposes. 2.8 Assess the multi-disciplinary investigation continually to adjust the action plan accordingly.
3. Review a multi-discipline forensic scene investigation	3.1 Evaluate completed tasks to determine whether the forensic objectives of the action plan and investigation have been met. 3.2 Liaise with team to identify incomplete and/or additional tasks for actioning. 3.3 Analyse preliminary results of the forensic investigation for

	information and reporting purposes. 3.4 Communicate scene/preliminary results for hand-over purposes. 3.5 Facilitate assessment of the welfare of the team for actioning and referral purposes.

Foundation Skills

The foundation skills demands of this unit have been mapped for alignment with the Australian Core Skills Framework (ACSF). The following tables outline the performance levels indicated for successful attainment of the unit.

ACSF levels indicative of performance:

1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5
Learning					Reading					Writing					Oral communication					Numeracy				

Performance variables:

1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5
Support					Context					Text complexity					Task complexity				

Further information on ACSF and the foundation skills underpinning this unit can be found in the Foundation Skills Guide on the GSA website.

Unit Mapping Information

This unit supersedes and is equivalent to PUAPOL808 Coordinate multi-discipline forensic investigations.
