Release: 1

POLGEN049 Manage risk within a policing context

Modification History

Release 1. This is the first release of this unit of competency in the POL Police Training Package release 9.0.

Application

This unit describes the skills required to manage risk in a policing environment. Risks may include those related to operations, organisational reputation, and safety and wellbeing.

This unit applies to police as part of their responsibilities in the organisational management within a policing environment.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to, particularly those related to accountability, police legitimacy and transparency.

Those undertaking this role would demonstrate strong autonomy while performing complex tasks including making strategic decisions and providing leadership to the jurisdiction in a broad range of contexts. They would provide advice and influence executive decision making internally and externally.

No licensing, legislative or certification requirements apply to unit at the time of publication.
