Qualification Description

This qualification allows for the attainment of occupational specific competencies for those working in operational roles undertaking heavy vehicle road compliance inspections. It is suitable for individuals who need to apply a broad range of specialised knowledge and skills in specific contexts relating to the provision of heavy vehicle road compliance services.

This qualification covers the broad range skills required to operate without supervision in a government compliance inspection environment.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Packaging Rules

15 units of competency are required for this qualification:

- 5 core units
- 10 elective units

Choose 1 elective from Group A Work health safety.

Choose a minimum of 6 electives from Group B Heavy vehicle road compliance.

Choose the remaining electives from the list below or from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect the occupational learning outcomes of this AQF qualification level. Seek further advice on selecting imported units of competency in the PSP Implementation Guide.

Elective units selected must not duplicate content already covered by other units in this qualification.
