Qualification Description

This qualification allows for the attainment of competencies required for independent and self-directed work as a procurement and contract manager in the public sector. It is suitable for individuals who apply integrated technical and theoretical concepts in a broad range of contexts to undertake advanced skilled duties in a procurement and contracting environment.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Packaging Rules

13 units of competency are required for this qualification:

- 9 core units
- 4 elective units

Choose a minimum of 1 elective from Group A Research and analysis.

Choose the remaining electives from Group B General elective units or from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect the occupational learning outcomes of this AQF qualification level. Seek further advice on selecting imported units of competency in the PSP Implementation Guide.

Elective units selected must not duplicate content already covered by other units in this qualification.
