Assessment Requirements for PSPLND013 Investigate tenure and land use history

Release: 1

Assessment Requirements for PSPLND013 Investigate tenure and land use history

Modification History

Supersedes and is equivalent to PSPLND001 Investigate tenure and land use history.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and on at least one occasion:

- research data repositories, including:
 - libraries and archives
 - microfiche or digitised record systems
- interpret each of the following:
 - tenure documents
 - correspondence about land use history
 - maps
 - plans
 - gazettes
- assess facts where interpretation is required
- produce accurate reports, setting out factual information in logical sequence.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- organisation's spatial and textual information systems, databases and archival storage(s)
- land tenure legislation, tenure types and the effect of these
- maps, plans, title documents and related legal matter
- sources of historical information and how to access them
- principles of evidence-based decision making
- legislation, policies and procedures relating to the investigation of land use and tenure history.

Assessment Conditions

Skills must be demonstrated in the workplace or in a simulated environment that reflects workplace conditions.

Assessment must ensure access to:

- legislation, policies and procedures relating to the investigation of land use and tenure history
- land information system(s).

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors.
