Assessment Requirements for PSPPCM021 Coordinate strategic procurement

Release: 1

Assessment Requirements for PSPPCM021 Coordinate strategic procurement

Modification History

Release	Comments
1	These Assessment Requirements were released in PSP Public Sector Training Package release 1.0 and meet the Standards for Training Packages. Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- networking, within probity boundaries, with stakeholders
- writing complex documents
- managing teams of experts in functions, including finance, legal, technical and engineering
- modelling effective management and leadership approaches
- applying decision-making processes or methodologies
- identifying and resolving strategic procurement issues
- identifying and assessing opportunities for development of strategic markets/industries
- undertaking research and business analysis
- managing financial and procurement projects
- operating organisational IT systems and electronic procurement templates

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- Commonwealth, state or territory, and local government legislation, policies, practices and guidelines relating to strategic procurement.
- organisational procurement policies, practices and approval processes
- aspects of contract law, trade practices law, and commercial law relating to contract management in the context of strategic procurement

- probity principles and issues
- codes of conduct, codes of practice and standards of individual behaviour relating to procurement
- competition policy theory, including competitive neutrality
- supply chain management
- legal requirements of government procurement
- financial rules and regulations
- implications of particular market arrangements
- whole-of-life considerations
- supplier issues and supply chain management in the context of strategic procurement
- procurement management processes
- cultural issues relating to strategic procurement and industry development
- relationship management at all personnel levels
- environmental, sustainability and corporate social responsibility principles relevant to strategic procurement

Assessment Conditions

This unit contains no specific industry-mandated assessment conditions. Guidance on suggested and recommended conditions and methods can be found in the Implementation Guide.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
