Assessment Requirements for PSPSCI001 Contribute to the provision of scientific technical support

Release: 1

Assessment Requirements for PSPSCI001 Contribute to the provision of scientific technical support

Modification History

Release	Comments
1	These Assessment Requirements were released in PSP Public Sector Training Package release 1.0 and meet the Standards for Training Packages. Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

Look for evidence that confirms skills in:

- working with mathematical data
- observing and reporting
- using communication styles to suit different audiences and purposes
- reading formal documents including legislation and workplace instructions and applying them in the workplace
- operating machinery and experimental equipment

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

Look for evidence that confirms knowledge and understanding of:

- work health and safety, environmental protection and other public sector legislation, regulations, policies, procedures and guidelines relating to the provision of scientific technical support
- basic experimental procedures and scientific methods
- organisational code of practice
- standard operating procedures and/or work instructions

Assessment Conditions

This unit contains no specific industry-mandated assessment conditions. Guidance on suggested and recommended conditions and methods can be found in the Implementation Guide.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
