Release: 1

PSPSS00046 Public Sector Manager

Modification History

Release	Comments
1	This skill set was released in PSP Public Sector Training Package release 1.0 and meets the Standards for Training Packages. Supersedes and is equivalent to PSP12 Public Sector Manager Skill Set. • PSP unit codes updated.

Description

This skill set is for those embarking on management roles within in the public sector. Units cover the essential skills and knowledge required of those public sector managers who are new to the role of managing people and/or resources in the public sector environment. These competencies provide an overview of the sector, an understanding of core public sector values, principles, diversity and legislation requirements, appropriate communication strategies, and expectations relating to promotion and adherence to those requirements.

Pathways Information

The competencies serve as a foundation for government qualifications, and as an introduction for managerial roles/lateral entrance into the sector. Completion of this skill set contributes to most Diploma level government generalist and specialist qualifications.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.
