Assessment Requirements for PSPTIS102

Apply codes and standards to ethical practice

Release: 1

Assessment Requirements for PSPTIS102 Apply codes and standards to ethical practice

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- on at least two occasions:
 - express and seek advice on professional issues and dilemmas and problems
 - undertake research to identify and use professional resources, associations and networks
 - apply codes of ethics and conduct to situations involving:
 - potential conflicts of interest
 - conflict between client requirements and ethical standards
 - differences in expectations caused by cultural practices or customs
 - dilemmas caused by tensions between personal and professional standards of practice and values
 - justify actions taken when applying codes of ethics and conduct in above situations
 - maintain knowledge of ethical and professional issues and requirements.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- professional codes of ethics and conduct and industry standards for interpreters and translators as relevant to work role
- standards of behaviour and conduct relating to translating or interpreting practice in different work contexts
- differences in expectations caused by cultural practices or customs
- networks relevant to own professional practice
- professional techniques, strategies and responsibilities of translators and interpreters
- types and sources of professional resources
- situations posing dilemmas and problems and their implications for decisions
- workplace processes to evaluate professional practices related to ethical practice.

Assessment Conditions

Skills must be demonstrated in a workplace or simulated environment that reflects workplace conditions.

Assessment must ensure access to:

- suitable facilities, equipment and resources, including:
 - scenarios, case studies or relevant examples of interactions with colleagues and clients that provide opportunities to address problems related to ethical decision making
- industry standards and professional codes of ethics and codes of conduct.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors.
