Assessment Requirements for PSPTIS133 Interpret through communication media

Release: 1

Assessment Requirements for PSPTIS133 Interpret through communication media

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- interpret through communication media on at least two occasions, one audio only and one audiovisual media, or in the case of signed language interpreting, two audiovisual media, including:
 - collaborating with clients to ensure effective use of the technology
 - discussing the process to be used and resolving Work Health and Safety (WHS) issues, including:
 - length of assignment
 - breaks
 - physical impacts
 - using diverse strategies and resources to facilitate communication flow and support retention.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- types, suitability and limitations of communications media and applications for interpreting
- Work Health and Safety (WHS) practices and procedures in relation to using communication equipment
- tools and equipment relevant to assignments using communications media
- processes to evaluate delivery.

Assessment Conditions

Skills must be demonstrated in a workplace or simulated environment that reflects workplace conditions.

Assessment must ensure access to:

- scenarios, case studies, experiences or examples of interactions with colleagues and clients that require diverse skills and strategies for using communication media to support interpreting.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors.
