Application

This unit describes the skills required to intercept vehicles and undertake vehicle compliance assessments.

This unit applies to those working in road transport regulatory roles who intercept and assess vehicles to determine their compliance with standards and legislative requirements.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work independently, while performing routine tasks, in a range of familiar contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.
