PSPWPI011 Improve compliance through industry partnerships

Release: 1

PSPWPI011 Improve compliance through industry partnerships

Modification History

Supersedes and is equivalent to PSPWPI004 Improve compliance through industry partnerships.

Application

This unit describes the performance outcomes, skills and knowledge required to establish and maintain effective industry partnerships to improve work health and safety performance, to achieve legislative compliance and to educate and assist stakeholders to improve workplaces.

This unit applies to those working independently to develop partnerships within industry to improve compliance with legislation. Those undertaking this unit work independently, performing complex tasks in a range of familiar contexts.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Competency Field

Workplace inspection

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes

1. Identify industry partners.

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

- 1.1. Evaluate options for industry partnerships in terms of likely effectiveness and determine potential partners.
- 1.2. Establish communication with partners to explore viability of partnership.
- 1.3. Negotiate and establish the nature and duration of partnership.
- 1.4. Define and agree upon respective roles and activities of partnership.

- | | |
|--|--|
| 2. Undertake partnership activities. | 2.1. Develop, agree and document a plan for cooperative partnering. |
| | 2.2. Develop and incorporate options and specific proposals for improving performance in workplace legislative compliance. |
| | 2.3. Implement options in accordance with partnering plan. |
| 3. Monitor and review partnering activities. | 3.1. Evaluate effectiveness of partnering activities. |
| | 3.2. Use evaluation results to modify outcomes of joint activities. |
| | 3.3. Communicate value, effectiveness and outcomes of partnering arrangements to internal and external clients. |

Foundation Skills

Assessment Requirements for PSPWPI011 Improve compliance through industry partnerships

Modification History

Supersedes and is equivalent to PSPWPI004 Improve compliance through industry partnerships.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and on at least one occasion:

- develop and partnership plan that includes:
 - nature, duration, purpose and key activities
 - roles and anticipated outcome
- use an evaluation method to review an existing partnership arrangement and communicate outcomes to internal and external clients.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- legislative requirements and organisational policies and procedures in relation to establishing partnerships
- methods to identify potential partners
- risk management principles
- powers of inspectors under jurisdictional legislation
- functions and roles of other professionals and experts
- organisational investigations procedures
- communication methods and strategies, including negotiation and dealing with conflicting information.

Assessment Conditions

Skills must be demonstrated in the workplace or in a simulated environment that reflects workplace conditions.

Assessment must ensure access to:

- legislative requirements and organisational policies and procedures in relation to establishing partnerships
- resources and equipment of the working environment.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors.
