Modification History

Not applicable.

Description

Not applicable.

Pathways Information

These units from MSA07 Manufacturing Training Package may provide an introduction to trade measurement and are likely to be undertaken before commencing units in PSP42310 Certificate IV in Government (Trade Measurement).

Licensing/Regulatory Information

Not applicable.

Skill Set Requirements

MSATMINS301A	Inspect a range of simple measures
MSATMINS302A	Inspect a range of simple measuring instruments
MSATMREF301A	Use and maintain reference standards

Target Group

This skill set is for those commencing a career in trade measurement. It provides the skills and knowledge required to undertake inspections of simple measures and simple measuring instruments used for trade. Examples of these instruments include length measures, alcoholic beverage measures, lubricating oil measures, graduated measures, trade masses in the range 1mg to 20kg, beverage measuring instruments, protein measuring instruments, length measuring instruments, area measuring instruments, dimensional measuring instruments, vehicle tanks and milk tanks.

Suggested words for Statement of Attainment

These units meet industry requirements for those involved in simple trade measurement inspections.
