Release: 1

PSP52612 Diploma of Government (Road Transport Compliance)

Modification History

Release	TP version	Comments
1	PSP12 V1	New qualification.

Description

This specialist qualification covers the competencies required of road transport regulatory staff engaged in operational supervision, auditing, intelligence or prosecution. The qualification has four separate streams to cater for each of these roles. Electives should be chosen to reflect the responsibilities of the individual and the job skills required for effective performance. Where a free choice of electives is possible in the packaging rules electives may be chosen to reflect the work context and career plans of the individual. Training delivery and assessment related to this qualification must be contextualised to the road transport regulatory environment.
