(Community Safety)**

**Release: 2**

# PUA31422 Certificate III in Public Safety (Community Safety)

## Modification History

**Release 2.** This is the second release of this qualification in the PUA Public Safety Training Package. Updated electives.

**Release 1.** This is the first release of this qualification in the PUA Public Safety Training Package.

## Qualification Description

This qualification is designed for emergency service and public safety personnel who participate in developing and delivering community safety programs. Community safety programs seek to build and enhance community resilience and health and wellbeing as it relates to feeling protected from threats, harm, risks or injury.

The role of community safety personnel is to build community safety partnerships, improve individual and community resilience, actively partner and listen to communities, understand community needs and deliver outcomes for at-risk communities. This may include implementing community safety advertising, creating awareness campaigns and developing relationships with a diverse range of community members.

This qualification includes the units of competency required by community safety personnel to perform a range of activities such as delivering programs and campaigns that improve community resilience whilst engaging with a broad range of community members. It typically involves some discretion in the delivery of community safety programs.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

A total of 12 units of competency comprising:

- **3 core units** listed below, plus
- **9 elective units.**

A minimum of 7 elective units must be selected from the general elective units listed below.

The remaining 2 elective units may be selected from the general elective units listed or elsewhere within this Training Package or another endorsed Training Package or accredited course.

All elective units selected from outside this qualification must contribute to the vocational

outcome of the qualification. Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with. Prerequisites attached to any of the units must be obtained and are additional to the number of units required for this qualification.

Where a prerequisite is attached to a unit it is identified by the symbol ⊥.

**Note:**

Refer to the PUA Public Safety Training Package Companion Volume Implementation Guide for information on fire prerequisites.
